Is showing today!!

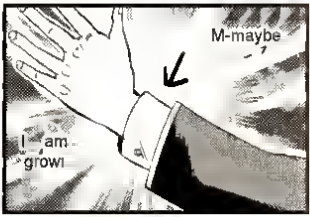
Soooorry I mistakenly wore your clothes Ryoma kun



M-maybe

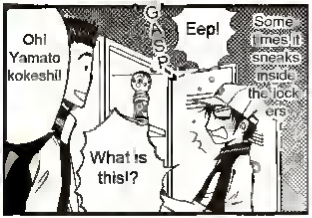
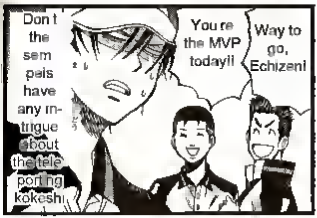
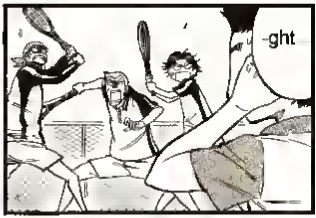
## Unexpected appearance

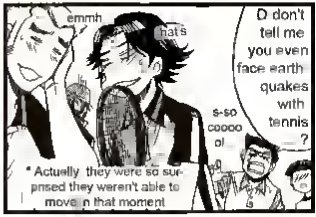


It's the good luck charm Yamato kokeshi!
It suddenly appears inside the locker of the member who made the greatest effort today



## An earthquake!

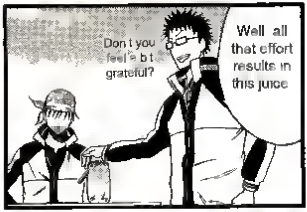




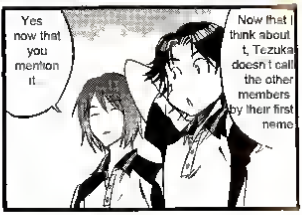
emmh
hat's
D don't tell me you even face earthquakes with tennis?
s-so coooo ol
* Actuelly they were so surprised they weren't able to move in that moment

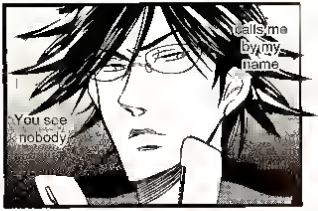
## Training time

There's no right choice regarding the nui juice. The blend is coordinated taking temperature, humidity and weather onto account
You can only rely on your experience and intuition



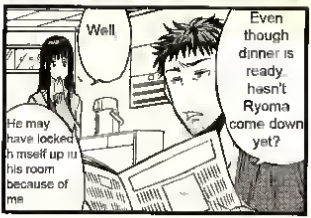
## You see

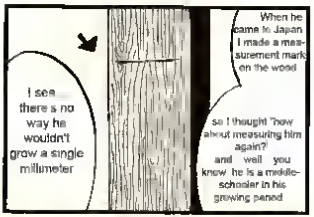




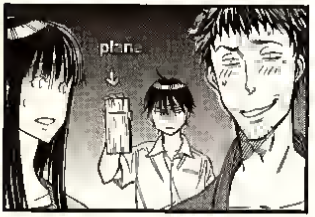
I feel sorry for him. I'm going to call him "Kunimitsu" starting tomorrow nya
You see nobody calls me by my name
...I think he'd say that but I wonder

# Echizen's pillar



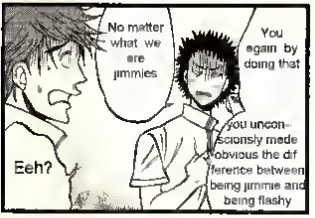


When he came to Japan, I made a measurement mark on the wood
I see... there's no way he wouldn't grow a single millimeter
so I thought "how about measuring him again?" and well you know, he is a middle-schooler in his growing period

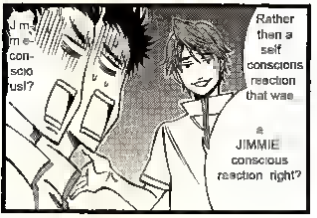


Even if you shave it off, it won't change the fact that you haven't grown a single millimeter!
I will shave it...
D-don't do anything hasty Ryoma!
Uncle

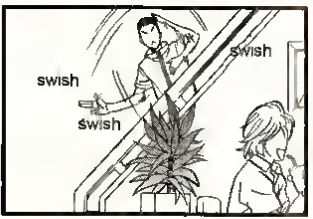
## Overreaction

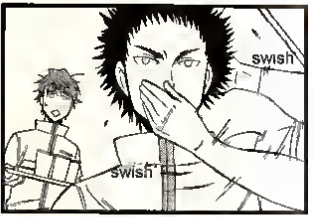


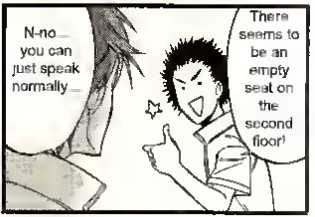
No matter what we are jimmies
You again by doing that
Eeh?
you unconsciously made obvious the difference between being jimmie and being flashy



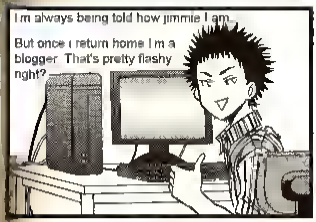
## That sign play is meaningless

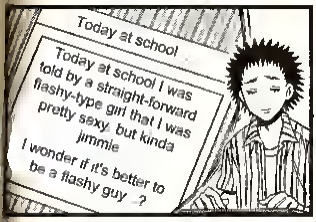




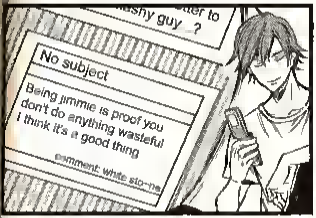


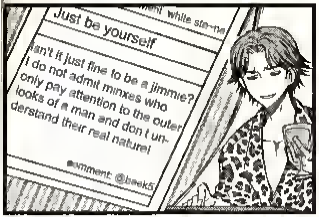
## Blogger minami





Today at school
Today at school I was told by a straight-forward flashy-type girl that I was pretty sexy, but kinda jimmie.
I wonder if it's better to be a flashy guy...?

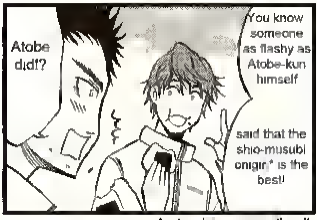




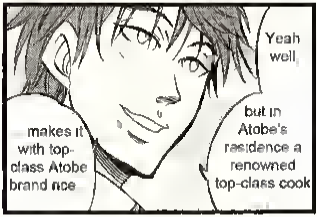
Just be yourself
Isn't it just fine to be a jimmie? I do not admit minxes who only pay attention to the outer looks of a man and don't understand their real nature!
comment: @beek5

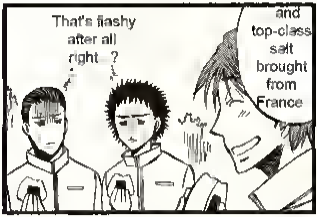
@beek5(it's pronounced ATTOhee ke GO)

## Though there's no jimmie nor flashy

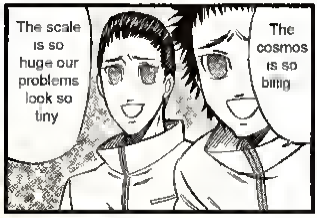


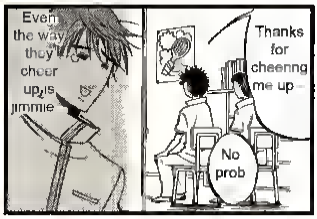
You know someone as flashy as Atobe-kun himself
said that the shio-musubi onigiri* is the best!
Atobe did!?
*note: plain onigiri with salt





## Jimmies forever





## Deny it!
